

DRIVING DEEP-TECH GROWTH

3RD OPEN CALL:

HealthTech & BioTech

Are you a deeptech startup operating in HealthTech & BioTech?

THIS OPEN CALL IS FOR YOU!

WHAT DO WE OFFER?

A customised, 5-month deeptech programme tailored to the needs of each startup ensuring growth, scaling-up long-term impact and cross-border connections.

10 Deep-tech startups will be **selected.**

WHAT ARE WE LOOKING FOR?

Startups that offer innovative solutions for physical and mental health, including improvements to existing healthcare structures and all biotechnologies directly tied to service improvements and disease management, including new diagnostics, devices, or therapy services to enable improved disease and infrastructure management, as well as the organization of care, are invited to apply.

More specifically, X2.0 is looking for HealthTech startups with solutions in the following: mobile health apps, electronic health and medical records, wearable devices (linked to health), telehealth and telemedicine, and management and IT software (linked to health).

5 months Growth Programme.

WHAT WILL THE STARTUP RECEIVE?

-  30,000€ in Innovation Vouchers to be used in for growth services, mentorship and event attendance
-  Access and collaboration with industry Impact Builders
-  Matchmaking with EU corporations
-  Assistance with private fundraising
-  Custom EU funding and public procurement ecosystem
-  Jobs promotion
